Are you making the most of saving now?

Contributing to the Marvell Semiconductor 401(k) Retirement Plan (the "Plan") is a key way to work toward financial independence now and in the future. Social Security benefits can be an important addition to your total retirement income, but even the Social Security Administration recommends not relying only on these benefits for your retirement income.*

Here are ways that contributing now helps you live life with less worry:

- If you wait to contribute, it could cost you in the long run. People are living longer than ever before. Start saving and creating your strategy to help make sure that you won't outlive your retirement savings.
- It's important to pay off loans and debt, but saving for the future is critical too. In fact, if you wait to start contributing to your Plan, you could be missing out on any additional earnings. It's crucial to try to find the balance to meet your needs both today and in the future. As you start planning how much to save, Schwab Retirement Plan Services has resources and tools to help.
- Furthermore, you have the flexibility to make pre-tax, Roth 401(k) and after-tax contributions to your Plan. Depending on your individual tax situation, utilizing different contribution options could offer a strategic tax-planning opportunity. More information on the contribution options available in your Plan will be covered in greater detail in this guide.

Contributing early can make a surprising difference over time.

Visit workplace.schwab.com/savingsfundamentals to find out from Charles Schwab & Co., Inc. how you can prioritize your savings.

Can you afford to wait?

Hypothetical examples are for illustrative purposes only and are not intended to represent the past or future performance of any specific investment. Investing involves risk, including loss of principal. The balances shown represent the amount contributed pre-tax and the interest compounded annually. The examples assume a hypothetical average rate of return of 6%, reinvestment of dividends and capital gains, and no current taxes paid on earnings in a retirement plan account. Schwab Retirement Plan Services, Inc. does not provide tax or legal advice.

Which investment approach is right for you?

Get personalized advice

Your Plan offers you access to third-party personalized advice. This benefit can play a key role in your retirement savings.

This advice:

- Calculates a target retirement income goal
- Provides personalized recommendations on how much to save for retirement, when you can plan to retire, and when to start taking Social Security benefits
- Selects the investments for your account based on the investments available within your Plan

The power of personalization

Information such as salary, account balance, savings rate, estimated Social Security benefits, and other sources of income creates a more holistic view of you, your retirement income goals, and your investment style.

Ongoing professional management.

What's more, for a fee, you can receive professional management of your Plan account through the managed account service, which provides ongoing account monitoring and automatic adjustments to your investments as your retirement needs change and you get closer to retirement.

The fee for this service is based on your eligible average daily Plan account balance and the number of days you are in the service. Eligible balances exclude Schwab Personal Choice Retirement Account® (PCRA)[†]. The fee is applied to your Plan account on a quarterly basis. For more information, log in to your Plan account at workplace.schwab.com, go to **My Account > History & Statements > Statements & Reports**, and view the latest annual Fee and Investment Notice and any subsequent Change Notices listed in the **Other Account Documents** section.

Choose how much help you want

With your Plan, you have the power to choose the kind of account management that is right for you.

If you don't have time to keep up with financial planning or would feel more comfortable with ongoing professional investment management, the managed account service may be right for you. If you'd rather manage your account yourself, you can call your own shots while still getting initial personalized advice recommendations to help you make informed decisions.

Advice is provided by Morningstar Investment Management LLC, an independent registered investment adviser.^{†††}

It's easy to get started. Log in to your account at workplace.schwab.com to access the self-serve advice tool.

Get a diversified portfolio in one fund

If you want the ease of a single investment option and if you can approximate the year you want to retire, you may be a good fit for a target date fund. Investing in a target date fund enables you to direct your contributions into a single fund, from the time you begin to save until you retire. Investment allocations in these professionally managed portfolios become more conservative as the target date nears. Simply choose the fund with the target year closest to your anticipated retirement year, and also consider other factors that are important to you. For example, if you are 40 years old and plan to retire when you are 65, you may want to select the Schwab Managed Retirement Trust Funds™ 2045 fund or refer to the default mapping to find your birth year and corresponding fund.

Available within your Plan are Schwab Managed Retirement Trust Funds™,† professionally managed collective trust funds that invest in a variety of asset classes and automatically rebalance to become more conservative over time.

Note: The values of the target date collective trust funds will fluctuate up to and after the target date. There is no guarantee the funds will provide adequate income at or through retirement.

Chart your own course

Are you an experienced investor with the time and interest to conduct your own research and decide how to invest? Do you have time to review your decisions at least annually or as your financial situation changes? Then you may be interested in self-directed investing.

Plan-selected funds

Marvell has chosen an array of investments to give you a diverse range of choices. Log in to the participant website for tools and resources to determine your risk profile and to research the available funds in the Plan. Information is available for each fund in the Plan at workplace.schwab.com or by calling **1-800-724-7526**.

Schwab Personal Choice Retirement Account® (PCRA)^{††}

PCRA is a brokerage account you manage yourself that provides access to more investment choices than are otherwise available in the Plan. To choose this investment strategy, you must first enroll in the Plan and then complete a PCRA application at workplace.schwab.com under the **Manage Account** tab.

No matter which investment strategy you decide is best suited for you, it is important to re-evaluate it at least annually or whenever you experience a life event, such as marriage, divorce, or birth or adoption of a child.

Keeping your options open

You can change your investment elections for future contributions at any time. Please note the changes you make will be effective as soon as administratively feasible. You also can request a transfer from one investment option to another as permitted by the Plan and subject to prospectus requirements.

Take charge of your tomorrow, today.

- Access or sign up for your account as follows:
 -  Visit **workplace.schwab.com** and click **Register Now** to establish your login credentials.
 -  Download the Schwab Workplace Retirement AppSM from the Apple App Store[®] or the Google Play[™] store, then select **Login & Registration Help** > **Register Now** to establish your login credentials.
 -  Call Participant Services at **1-800-724-7526** from 7 a.m. to 11 p.m. ET, Monday through Friday.
- Decide how much to contribute.
- Choose your investment strategy. Building your plan for tomorrow is in your hands, but we're here to help with professional support and resources along the way.
- Select your beneficiary. Designate someone to receive your Plan balance in the event of your death.

Should you contribute more?

If you want your contribution rate to grow as your career does, consider signing up for annual savings adjustments.

Note: You may make changes to your contributions anytime. Any changes you make will be effective as soon as they can be processed.

Review your options for existing 401(k) accounts

If you had a qualified retirement plan with a previous employer, there may be several options available to help you manage your retirement accounts. Call Participant Services at **1-800-724-7526** to learn more.

Protecting your account

Be sure to keep your financial information confidential. Don't share identifying data—including your account number, login ID, and password—and keep this information in a secure location. Avoid using the same password for multiple accounts, and change your password at least every six months. Learn more best practices at **workplace.schwab.com/privacy**.

Get help along the way.

Your Plan supports your journey to retirement with a range of financial planning tools and education resources available, including:

- My Retirement Progress™, an interactive tool available online and in the Schwab Workplace Retirement App^{SS} that helps you review progress toward your savings goal and compare the retirement income you may need with the estimated income you may have, based on your current savings approach***
- Support available when and how you want it—from a library of on-demand videos, webcasts, and articles to assistance services online, in the Schwab Workplace Retirement App^{SS} or by phone—to help you understand your investment options
- Easy-to-use tools and resources, including calculators to help you explore the potential impact of savings changes and determine whether you're making the most of employer benefits
- Holistic financial education

And it's easy for you to keep tabs on and make changes to your Plan account by web, app, or phone.

 Online via the participant website: **workplace.schwab.com**. You can manage your Plan account 24 hours a day.

Get to know your Plan.

Eligibility

You are eligible to begin saving in your Plan. Once you meet the Plan's eligibility requirements, you can enroll in the plan immediately.

Automatic enrollment

If you haven't completed the enrollment process within 30 days after you're eligible to participate, you will be automatically enrolled in the Plan at a pre-tax contribution rate of 6% and invested in one of the Schwab Managed Retirement Trust Funds™ appropriate for your age, unless you elect otherwise.

Annual savings adjustments

To make things even easier, the Plan offers savings adjustments to help you increase your savings rate—automatically. An annual savings rate adjustment of 1% each year until you reach a total contribution rate of 10% is designed to help you keep pace with your savings objectives.

Your contributions

Pre-tax

You may contribute up to 75% of your eligible compensation before taxes each pay period. Federal law limits the amount you can contribute in a given year. The contribution limits are set annually and can be found at workplace.schwab.com.

Roth 401(k)

Your Plan allows you to make Roth 401(k) contributions. Your contribution will be withheld on an after-tax basis. Withdrawals of your contributions and any earnings will not be subject to taxes, provided that any distribution from this account occurs at least five years following the year you make your first Roth 401(k) contribution to the Plan and you have reached age 59½ or become disabled. In the event of your death, your beneficiary will not owe taxes on this account balance either. Your combined pre-tax and Roth 401(k) contributions cannot exceed the annual federal limit.

Catch-up

If you will be age 50 or older before December 31, you may be able to make additional catch-up contributions to the Plan. The contribution limits are set annually and can be found at workplace.schwab.com. Catch-up contributions may be made on a pre-tax and/or Roth 401(k) basis.

Voluntary after-tax contributions

You may contribute up to 75% of your eligible compensation after taxes each pay period. You will not have to pay additional taxes upon withdrawing these contributions. Any earnings on after-tax contributions will be subject to ordinary income tax and, if taken prior to age 59½, a 10% federal tax penalty at withdrawal.

Roth in-plan transfer

You have the opportunity to convert (transfer) some or all of your vested account balance into Roth 401(k) after-tax dollars. Any converted money is taxable in the year of conversion and will share the same tax benefits as the Roth 401(k) contributions described above, as long as the distribution from your Roth 401(k) conversion account occurs at least 5 years following the year of conversion and you are at least age 59½ or have become disabled. At death, Roth 401(k) contributions that your beneficiary may inherit are not subject to federal or state income taxes.

Employer contributions

Employer match

Marvell Semiconductor, Inc. (the “Company”) may match \$5,000 per year on a quarterly basis of \$1,250. To receive the match contributions, you must be employed by the Company on the last day of the quarter.

Profit sharing

Marvell Semiconductor, Inc. may make a discretionary profit sharing contribution to your account if you are eligible under the terms of the Plan. To receive Marvell contributions, you must be employed by Marvell on the last day of the Plan year.

Employer contributions are paid on a pre-tax basis and may be taxable at withdrawal.

Vesting

Vesting refers to ownership of your account. You are considered fully vested when you are entitled to 100% of your account upon the termination of your employment.

Your contributions

You are always 100% vested in your own contributions, including any rollovers you make to your account.

Employer contributions, matching

You are immediately fully vested in Marvell’s contributions and any earnings from those contributions.

Employer contributions, profit sharing

Marvell’s contributions to your account are vested according to the following schedule:

Year 1: **33%** | Year 2: **67%** | Year 3: **100%**

Withdrawals

There are certain restrictions on when money may be withdrawn from your account. You may take money out of your account under the following circumstances:

- Upon reaching age 59½
- Under eligible financial hardship circumstances while still employed
- Upon retirement, total and permanent disability, or termination of service

You must pay any applicable income tax. Penalties may apply. In the event of your death, your vested account balance will be paid to your designated beneficiary or beneficiaries. For more information about your withdrawal options, call **1-800-724-7526**.

Loans

You may also borrow up to a maximum of 50% of your vested account balance or \$50,000, whichever is less. The minimum loan amount is \$1,000. You may have two outstanding loans at a time. The maximum term for a general loan is 5 years, and 10 years for a residential loan. Set-up fees may apply. For more information, log in to workplace.schwab.com, go to **My Account**, and select **Loan Inquiry**, or call Participant Services at **1-800-724-7526**.

The Schwab Managed Retirement Trust Funds™, Schwab Indexed Retirement Trust Funds® and Schwab Institutional Trust Funds® (each a "Fund", collectively the "Funds" or "Collective Trusts Funds (CTFs)") are collective trust funds maintained by Charles Schwab Trust Bank (CSTB), as trustee. They are available for investment only by eligible retirement plans and entities. Charles Schwab Trust Bank's Collective Trust Funds are not insured by FDIC or any other type of deposit insurance; are not deposits or other obligations of, and are not guaranteed by CSTB or any of its affiliates; and involve investment risks, including possible loss of principal invested. The Funds are not mutual funds and are exempt from registration and regulation under the Investment Company Act of 1940 (the "1940 Act"), and their units are not registered under the Securities Act of 1933, or applicable securities laws of any state or other jurisdiction. Unit holders of the Funds are not entitled to the protections of the 1940 Act. The decision to invest in the Funds should be carefully considered. The Funds' unit values will fluctuate and may be worth more or less when redeemed, so unit holders may lose money. The Funds are not sold by prospectus and are not available for investment by the public. The Funds' prices are not quoted in newspapers.

Diversification and asset allocation strategies do not ensure a profit and cannot protect against losses in a declining market. The Funds are subject to market volatility and risks associated with the underlying investments. Risks include exposure to international and emerging markets, small company and sector equity securities, and fixed income securities subject to changes in inflation, market valuations, liquidity, prepayments, and early redemption. The Funds are built for investors who expect to start gradual withdrawals of fund assets on the target date, to begin covering expenses in retirement. The principal value of the Funds is not guaranteed at any time, and will continue to fluctuate up to and after the target date.
